

**Secab Institute of Engineering, Vijayapura**

No.	Project	KITS Approved Grants (in INR)
1	Design and Development of Low Cost and Efficient Small Wind Machines and its Mass Scale Dissemination in Domestic Sector	187500
2	Manufacturing of Wind Turbine Blades with Renewable Energy Resources for Domestic Use	150000
3	Design and Development of Manhole cleaning Machine	75000
4	Feasibility of Electro-Coagulation using Iron and Aluminum Electrodes in Treating Paper and Pulp industry wastewater	150000
5	Reactivation of mutant p53 by fumaric acid- amino acid conjugates in the treatment of cancer	75000
6	EXO-MATE FOURARM	150000
7	Development of a Novel forensics framework for extracting knowledge from mobile devices towards performing sound forensics investigations	75000
8	Automotive Vehicle Control and Health Monitoring Alert Systems	225000
9	Smart Water Billing for Apartments using IoT&amp; Android Application	70000
10	Design and Development of IOT based smart glows for physically paralyzed and mute patient	150000
	<b>Top 10 projects approved grant</b>	<b>1307500</b>
