

INDUSTRIAL VISIT REPORT

DETAILS OF INDUSTRIAL VISIT

- **DESHPANDE FOUNDATION**
- **STARTUP ECOSYSTEM**

The Department of Computer Science and Engineering at SECAB Institute of Engineering and Technology organized an industrial program from 28-11-2023 to 29-11-2023 For the Deshpande Foundation and the startup ecosystem Hubballi.

- **To give insight to the students on**
 - Advanced tools and technologies used in the industry.
 - Current practices and requirements
 - Various courses and internship programs are offered by the laboratories.

Firstly, we have taken the registration of 7th-semester students, around 22 students had registered and 4 members from teaching and non-teaching staff were also present with the students. A total of 26 members were present for the industrial visit.

Rural India forms the backbone of the nation. Focusing on its socio-economic growth would ensure holistic development. Since 2007, the Deshpande Foundation (DF) has constantly worked towards recognizing and addressing the challenges of rural and semi-urban India.

Interventions in rural India are largely made in the areas of livelihood, healthcare, education, and policy-making. Our approach to rural transformation involves enhancing livelihoods and creating

INDUSTRIAL VISIT REPORT

sustainable economic prosperity for rural communities. DF focuses on creating better, faster, inclusive, and economical solutions in the areas of Agriculture, Micro-Entrepreneurship, Skilling, and Startups.

We believe in navigating a unique path as a social enterprise, harnessing a blend of business excellence and compassion for not-for-profits. While the goal is to eventually create a tangible impact at the national level, we have begun our journey with a step towards rural transformation. Sustainability first, scalability next - Technology as an enabler for scaling solutions - Entrepreneurial approach in creating a demand-driven, cost-sharing Ecosystem - Partnership with the rural community and all its stakeholders, based on trust.

Deshpande Foundation is a non-governmental organization founded in 1996 in the US by Dr. Gururaj (Desh) and Jaishree Deshpande to accelerate the creation of sustainable and scalable enterprises that have significant social and economic impact. The foundation has embarked on large-scale projects in the United States and India such as:

INDUSTRIAL VISIT REPORT

Entrepreneurship for All

1. The Hubli Sandbox in Hubli, Karnataka, India.
2. The Deshpande Center for Social Entrepreneurship in Hubli, Karnataka.
3. The MIT Deshpande Center for Technological Innovation in Boston, Massachusetts.
4. The Indus Entrepreneurs (TiE), in both the US and across India.
5. The Indo-US Collaboration for Engineering Education (IUCEE).
 - The foundation runs numerous programs in its Indian wing. A few of them are listed below.
 1. LEAD - LEADer's Accelerating Development Program. - Offers students an opportunity to make a change in their world. Program works with students who have big ideas for a better India, and wants them to see that vision transform into reality.
 2. Deshpande Fellowship Program.
 3. Deshpande Education trust - nurtures innovative ideas and inspires entrepreneurial acumen in youth.
 4. Master of Social Entrepreneurship - a two-year residential program affiliated with Karnataka University Dharwad.

Dear Sir/Madam,

As a part of the industrial visit, students of Computer Science and Engineering, SECAB Institute of Engineering & Technology, Vijayapura are willing to visit DF and Startup Ecosystem on 29th November 2023. The objective of the visit is to explore students to,

- a) Advanced tools and technologies used in the industry.
- b) Current industrial practices and requirements.
- c) Professional role models/trainers working on forefront technologies.
- d) Various courses and internship programs offered by the Laboratories.

The list of students and staff visiting for the purpose is attached herewith.

I request you to kindly grant the permission and oblige.

Thanks & Regards
