Report on Webinar On Application of 3D Printing In Medical Field

Never stop learning because life never stops teaching, because investment in knowledge pays the best interest. We at SECAB Institute of Engineering and Technology, Department of Mechanical Engineering conducted online Webinar on Application of 3D printing in medical field on 26-06-2020. Here we discussed various applications of 3D printing in medical field.

Schedule Planned:

11:00 AM	Session started using the app Cisco Webex.
11:10 AM	Inauguration and Welcome speech by Mr. Asif Doddamani, SECAB I.E.T Vijayapur
11:20 AM	Resource person Dr Ashish Das NIT, Jamshedpur, will deliver a lecture on applications of 3D printing in medical field.
12:30 PM	Question answer session by participants
12:45 PM	Vote of Thanks by Mr. Sunil Thaned, SECAB I.E.T Vijayapur

As per the planned Schedule, started the Session at 11:00am using the app Cisco Webex, followed by Inauguration and Welcome speech by Mr. Asif Doddamani, SECAB I.E.T Vijayapur. Later At 11:20 AM Speaker and presenter, Dr Ashish Das National Institute of Technology, Jamshedpur took the lead and explained about the various applications of 3D printing in medical field. The session went through a wonderful live Question answer session by various participants of different colleges. Finally it was concluded with Vote of Thanks by Mr. Sunil Thaned, SECAB I.E.T Vijayapur. Online Certificates distributed to all the participants on same day.

Invitation letter

Inauguration and Welcome speech by Mr. Asif Doddamani
