Report of Webinar On

Human Vibrations: Computational and Experimental Techniques

A good teacher is like a candle, it consumes itself to light the way for others. We at SECAB Institute of Engineering and Technology, Department of Mechanical Engineering conducted online Webinar on Human Vibrations: Computational and Experimental Techniques on 02-07-2020. Here we discussed effect of vibrations on human body.

Schedule Planned:

11:00 AM	Session started using the app Cisco Webex.
11:10 AM	Inauguration and Welcome speech by Prof. Sunil Thaned, SECAB I,E.T Vijayapur
11:15 AM	Resource person Dr. Prashanth A S, IIT, Roorkee, will deliver a lecture on Human Vibrations: Computational and Experimental Techniques.
12:30 PM	Question answer session by participants
12:45 PM	Vote of Thanks by Prof. Syed Sameer Hussain, SECAB I,E.T Vijayapur

As per the planned Schedule, started the Session at 11:00am using the app Cisco Webex, followed by Inauguration and Welcome speech by Prof. Sunil Thaned, SECAB I,E.T Vijayapur. Later At 11:15 AM Speaker Dr. Prashanth A S, Indian Institute of Technology, Roorkee took the lead and explained about the effect of vibrations on human body. The session went through a wonderful live Question answer session by various participants of different colleges. Finally it was concluded with Vote of Thanks by Prof. Syed Sameer Hussain, SECAB I,E.T Vijayapur. Online Certificates distributed to all the participants on same day.

Invitation letter

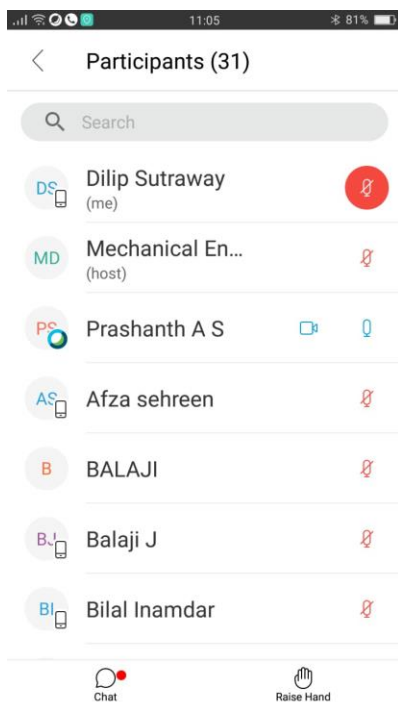

Inauguration and Welcome speech by Mr. Sunil Thaned
