Event Report

Academic year:2024-25	Semester: Students from PUC and Degree colleges
Name of the Event: IBDA 2.0	Date of the Event: 06.12.2024 and 07.12.2024
Time: 9:00AM to 5:30PM	Venue: SECAB.I.E.T campus

Event Overview:

"IBDA 2.0" is a two-day technical fest organized by SECAB.I.E.T. The aim of this event is to bring together students, industry professionals, and experts from various science & engineering fields to foster collaboration. The event features a series of technical competitions and cultural events thereby creating a vibrant, interactive and engaging environment where students can grow academically, professionally, and personally. Technical competitions focus primarily on innovation, skill-building, and the application of scientific and engineering principles. On the other hand, cultural events focus on promoting artistic, social, and cultural expression among students. It provides a platform for showcasing the diverse talents of students and developing skills that contribute to holistic personal growth. By promoting innovation, skill-building, leadership, and networking, the fest plays a crucial role in shaping the future of students and enhancing the reputation of the institution.

Objectives of the Event:

1. **To foster innovation and creativity** among students by providing a platform to showcase their talents and ideas in various technical fields.
2. **To bridge the gap between industry and academia** by inviting industry experts, alumni, and professionals to share insights, technologies, and emerging trends.
3. **To enhance practical skills and knowledge** through technical competitions.
4. **To encourage collaboration and networking** among students, faculty, and professionals across different domains of science & engineering.

5. **Celebrate Diversity and Inclusion** by bringing together students from various backgrounds to celebrate different cultures, traditions & art forms, promoting inclusivity.
6. **Develop Soft Skills and Personal Growth** : Public Speaking and Communication: Cultural events require students to present, speak, or perform in front of an audience, which improves their public speaking, communication, and confidence.
7. **Promote Artistic Expression** Provide a platform for talent: offer students a chance to showcase their skills in dance, music, theater, photography, and visual arts.
8. **Encourage Creativity and Imagination** Cultural events allow students to step out of their routine academics & explore new interests, creative expressions & unconventional ideas.
9. **Mental Well-being and Recreation: Stress Relief:** A cultural fest provides students a break from the rigors of academic life, helping them relax, unwind and recharge.

On this occasion, SECAB I.E.T felicitated Ms. Samaira Hullur, youngest to get commercial pilot license at the age of 18.

Mr. C. M. Ibrahim addressed the students from all PU and degree colleges in and around Karnataka and emphasized on holistic development. While technology and technical skills are vital, equally important are the values of ethics, leadership, and social responsibility. He encouraged students to be dedicative and hardworking giving the example of Shri Mokshagundam Visvesvaraya. He motivated the technical students to be creative and find innovative solutions that contribute positively to society and the environment.

Special mention of the event:

During the 2-day Techno-Cultural Fest IBDA 2.0, the food stalls set up by students on 07.12.2024 from all departments of SECAB I.E.T under the guidance of Mr. Parvez Rozindar, HOD, Dept. of MBA, added a flavorful dimension to the event. These stalls offered a wide variety of cuisines, ranging from traditional Indian snacks like samosas, pav bhaji, and chaat to international favorites like burgers, pizza, and pasta. Students worked hard to ensure the food was not only delicious but also affordable, making it a hit among attendees. The stalls even served a variety of lunch and non veg snack items including wraps, burgers, cheese balls and refreshing beverages. The stalls were strategically placed around the event venue, providing easy access to delicious food between competitions and performances. The vibrant food court became a popular hangout spot, where students could relax, refuel, and enjoy casual conversations between events. The stalls were a testament to the entrepreneurial spirit and teamwork of the student organizers, contributing to the overall success and energy of the fest.

The **Best Food Stall Award** at IBDA 2.0 was presented to the stall that not only offered a delightful array of delicious and innovative dishes but also showcased exceptional creativity and enthusiasm in its presentation and service. The winning stall stood out for its vibrant setup, variety of flavors, and impeccable hygiene standards. The stall's team worked with great energy, ensuring that both the taste and the experience were memorable for all attendees. Their dedication to quality and the satisfaction of the visitors truly made them deserving of this well-earned recognition. Congratulations to the team for adding a delicious flavor to this fantastic event!

Conclusion:

The 2-day Techno-Cultural Fest IBDA 2.0 was a remarkable success, bringing together innovation, creativity, and camaraderie in a vibrant celebration of student talent. The event seamlessly blended technical competitions and cultural performances, offering something for everyone. From intense coding challenges and circuit design competitions to mesmerizing dance performances and artistic displays, the fest provided a platform for students to showcase their diverse skills and passions.

The overwhelming participation, enthusiastic audience, and the outstanding efforts of all the HODs, staff members, event coordinators and student volunteers from all departments made the event truly memorable. The food stalls added to the festive atmosphere, offering a variety of delicious meals that kept everyone energized throughout the day.

As the fest concluded with the prize distribution ceremony, it was clear that the event had successfully achieved its goal of fostering creativity, collaboration, and a sense of belonging among students. This Techno-Cultural Fest has set a new benchmark for future editions, and we look forward to even greater participation and excitement in the years to come.

The organizing committee would like to extend heartfelt thanks to the participants, faculty and volunteers for their dedication and support in making this event a grand success.
